4. REGISTRATION OF THE CATCH

Catch catch for registration:

- 4.1. Photos of the caught fish are taken by The Participant via APP **Mana Cope** using a photo camera on the mobile device.
- 4.2. The participant registers each fish caught separately using the *My Profile* section of **Mana Cope** site, selecting *the Add Catch* button in the *Race Catches* subsection.
- 4.3. Two photographs shall be taken by the Participant, where the left side of the fish must be visible:
 - 4.3.1. **The first photo** - the fish is taken on the measuring tape assigned by the organizer, so that we can clearly see:
 - 4.3.1.1. the whole fish completely - the fish itself, the length of the fish and the numbers on the measuring tape.
 - 4.3.1.2. fish is freely located on the measuring tape, the muzzle of the fish must be fully supported against the measuring line stop, the tail should be located straight and present at the measuring line, but its ends are not compressed together;
 - 4.3.1.3. Next to the measuring tape – Participant's, who caught the fish, ID card;
 - 4.3.2. **The second photo** - the fish is photographed together with the angler who caught the fish with clearly visible his Participant's ID card.
- 4.4. Photos of the fish should be sent no later than 5 (five) minutes after the fish is taken out of the water.
- 4.5. Only two versions of the photographs referred to in point 4.3 may be sent, maximum of 4 (four) photos may be added to the Mana Cope.
- 4.6. The judges have the right to request additional proofs of the authenticity of the catch, in order to prove it, the Participant must present a video of the release of the fish. In the video of the release of the fish should be visible for the following actions – the fish is freely located on the tape measure, the fish is raised from the tape measure and gently released into the water, it can be seen that the fish is alive and swims away.

5. EVALUATION OF RESULTS

Only live fish are accepted for evaluation. Bloody, injured or dead fish are not accepted for evaluation.

Fish that do not meet the minimum size to be kept in the catch must be immediately neatly and gently released.

The following are evaluated:

- 5.1. **Pikes from 50 cm, zanders from 45 cm, perch from 20 cm**, registered on the site Mana Cope, photographed and photos submitted in accordance with this regulation.
- 5.2. The spirit of the fish according to the bylaws of the said judges after the sent role pictures.
- 5.3. The result of the crew when they are calculated by summing up the points for each centimeter of length of 3 and 5 of the largest predatory fish from each of the following species: pike, zander, perch. In other words, **3 pikes, 3 zanders, 5 perch**;
- 5.4. From points obtained by the crew, penalty points, if any, are subtracted, and the result of the day of the crew is calculated;
- 5.5. The recording of the length of the fish in the protocol must be carried out as follows:
 - 5.5.1. The length of the fish is fixed only in full centimeters, rounding upwards. For example, pike 51.2 cm, is registered as 52 cm, perch, 26.7 cm, is registered as 27 cm.
 - 5.5.2. Fish which do not comply with the minimum size laid down are not recorded in the protocol and rounding of size is not valid for them. For example, pike 49.90 cm, do not consider a pike 50 cm long.
- 5.6. According to the received points, places are distributed to the crews. The place number on the day in question consists of test balls, more points – higher place and less balls.
- 5.7. In the case of equal points, the highest place shall be taken by the crew to which 11 fish have been counted, if none, which has caught the longest fish, if the size of the longest fish coincides, the most woven place is taken by the crew, which has caught the test fish closer to the end of the given time for fishing, if the time coincides, the crew, who first caught the test fish, takes a higher place.
- 5.8. The sum of the crew balls of both days forms the total result of the crew, the less the ball, the higher the place.
- 5.9. In the case of the sum of equal balls, the highest place shall be taken by the crew, to which 22 fish are included, if none, for which the sum of points of both days is higher, if the sum of points is the same, the crew that caught the longest fish, if the size of the longest fish coincides, shall take the most woven place by the crew, who caught the test fish closer to the end of the time given for fishing on the second day of the Cup, if the time coincides, who first caught and registered the test fish on the first day of the Cup, if these criteria are not enough decisions are taken by a panel of judges with the calculation that a crew that has shown better skills, skills that can serve as a model for others, wins a higher place.
- 5.10. The result of the squad is not counted if the crew has not arrived for the Event, has not been admitted to the Cup or disqualified, it receives as many balls on the relevant day as there are crews +1 at the Event.
- 5.11. The Panel of Judges reserves the right to clarify the recorded results on the basis of photos of fish sent by the Member.

6. PENALTIES

All penalties, along with an explanation, will be published in Mana Cope.

Three types of penalties can be issued for infringements: penalty points, yellow card, red card.

PENALTY POINTS:

- 6.1. For missing registration – 25 penalty points are awarded, or -25cm from the first day of the Cup;
- 6.2. For failure to attend the boat inspection – 50 penalty points are awarded, or -50cm from the respective day's catch and the crew is not allowed to fish before the boat has been inspected;
- 6.3. For missing the start – 15 penalty points and 5 points are awarded for each minute of delay, or -15cm and -5cm respectively from the respective Cup day role;

6.4. For loss of the measuring line – 30 penalty points are awarded from the total result of the Cup;

YELLOW CARD:

Taking the yellow card for the corresponding crew cancels the two longest fish from the cup result and reduces the fishing time by 30 minutes. The crew is awarded the gold card for the following violations during the Event:

- 6.5. (a) compulsory, dangerous driving if proven by one of the Members or recorded by the organiser. Apdulation to other Members, the riders themselves or third parties;
- 6.6. The crew shall not wear life jackets when driving a vessel in the course of a vessel, if it can be proved by any of the Participants, or it is recorded by the organiser;
